

Jeffrey Sterner

Associate Volunteer
Belco Community Credit Union

Jeffrey Sterner has been a member of Belco Community Credit Union for more than 30 years. He joined Belco in the late 1980's after researching possible credit union partners for employees within his workplace. Upon discovering Belco, it has served as his primary financial institution ever since.

A resident of Lebanon County, Jeffrey is currently President and Chief Operating Officer for High Industries, Inc. He brings to Belco decades of leadership experience that he hopes will be of use to our growing credit union.

Jeffrey holds both a bachelor's degree and a master's degree in Civil Engineering from Drexel University.
