

Tomas Lee

Vice President, IT Security
Belco Community Credit Union

Tomas Lee, VP, IT Security for Belco Community Credit Union leads Belco's efforts to provide members with a secure and safe banking experience.

Protection from cybercrime and other malicious activities is at the center of Tom's 20 years of experience in information technology.

He has served in various positions in government and the private sector in areas such as mobile security, Security Incident and Event Management, and Multifactor Authentication for financial services firms in North America and Asia. Additionally, he held leadership positions at General Electric, Samsung, Bank of America, and Pennsylvania Higher Education Assistance Agency.

Tom believes in creating a security and privacy mindset that stretches throughout an organization. As a cybersecurity professional, trust and confidence in Belco is what he strives for on a daily basis. Creating a culture of cybersecurity and privacy is his mission.

Tom holds a Bachelor of Science degree in Information Science & Technology from the University of Minnesota and a Master's degree in Cybersecurity & Information Assurance from The Pennsylvania State University.

He is a Certified Information Systems Security Professional (CISSP) and a Six Sigma Master Blackbelt in IT.
